Subject RE: Letter responding to scope of work

Stephanie & Gene, we are finishing up the Work Plan for Lots 1 & 2 at 80 Wampus Lane. The Lot 2 stuff took more time than I had anticipated, and Mike Teetsel is performing a senior review of the work plan and attachments this week. We hope to have it to you shortly after the holiday. The groundwater data generated from the recent sampling round is included in the work plan submittal, as you will see.

Have a nice Holiday,

Jim
